# Industrial City Primary School | School Project by Hongye Furniture

## New degree in 1080

The project spans a total land area of 19,741 square meters, with a construction area of 17,700 square meters. Designed to accommodate 24 classes, the school represents an investment of approximately 80 million yuan and will provide 1,080 high-quality seats for students.

The campus features a comprehensive range of facilities, including three teaching buildings, a library, a canteen, an aerial corridor, and a sports field. The teaching buildings are equipped with specialized rooms such as music studios, multimedia classrooms, computer classroom, and science laboratories, ensuring a well-rounded and modern educational environment.

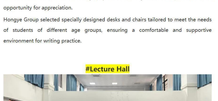

Hongye Group is the furniture supplier for this school, overseeing every aspect from design and production to installation with meticulous attention to detail. The project has been successfully completed and delivered for use.

## #Classroom

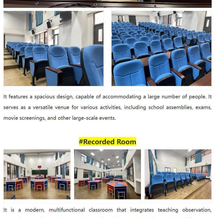

Stepping into the teaching building, you'll find spacious classrooms filled with bright, natural light. The school desks and chairs are neatly arranged, ready for students to use.

## #Computer Classroom

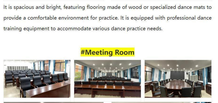

It is designed for comfort and safety. The desks feature rounded corners to prevent collisions, meeting national safety standards. These durable furnishings are built to last and fully cater to the needs of teaching and learning.

## #Science Laboratory

It is designed to support various functions, including student activities, hands-on experiments, and practical operations. It also features organized storage for tools and materials, as well as areas for displaying students' work. These features ensure it meets the needs of daily teaching and learning activities.

## #Calligraphy Classroom

It is a dedicated space for calligraphy teaching and learning, equipped with professional tools and materials such as brushes, ink, rice paper, and felt mats. The walls are adorned with various calligraphy works, offering students inspiration and an opportunity for appreciation.

Hongye Group selected specially designed desks and chairs tailored to meet the needs of students of different age groups, ensuring a comfortable and supportive environment for writing practice.

## #Lecture Hall

It features a spacious design, capable of accommodating a large number of people. It serves as a versatile venue for various activities, including school assemblies, exams, movie screenings, and other large-scale events.

## #Recorded Room

It is a modern, multifunctional classroom that integrates teaching observation, research, recording, and remote interaction. Hongye Group has equipped the space with circular combination desks, promoting "synchronization," "interactivity," and "resource sharing." This setup plays a vital role in fostering an innovative teaching environment, enhancing student development, and creating a professional growth platform for teachers.

## #Dance Room

It is spacious and bright, featuring flooring made of wood or specialized dance mats to provide a comfortable environment for practice. It is equipped with professional dance training equipment to accommodate various dance practice needs.

## #Meeting Room

The conference room exudes a sense of formality and seriousness, reflecting the school's image. It serves as a venue for the leadership team to hold important meetings and discuss major school affairs.

## #Canteen

It is spacious, bright, and well-organized, featuring a rational layout and complete facilities.

## #Student Lounge

Dedicated lounge areas have been provided for the children to ensure they have a sufficient and comfortable midday rest.
